COUNTY NEWS NOTES.

To insure insertion ALL correspondence must be in this office by Monday night of each week, and that nearby on Monday morning.

Our correspondents are derelict in duty and we want to say that henceforth they will not receive papers except for the week they have news letters. We are dependent upon them for the news and when they fail to send in their favors they put us to great inconvenience.

SUNNY SIDE.

Hurrah! for the Hazel Green academy.

It rained so hard Sunday that we never got to sleep the pigs.

Little Rosa and Carry Coldiron went to their grandfather Brook's Saturday.

We never saw a harder rain fall than fell the twenty-fifth. Wonder how many of the old farmers got their turnips sowed.

We are indebted to Elza and Howard James for erecting a new gate at the road near the Gibbs property. It was badly needed.

Mrs. W. H. Johns and two little daughters, Lisle and Mary, of Coburn, Va., in company with Miss Mollie Swango, of the Springs, gave us a pleasant call Friday.

No wonder Uncle Bill McNabb flew when he went to Devils Creek last week. If he hadn't, he would have got his wings scorched, then Aunt Liza would have raised sand.

Died at the home of J. E. Brooks, Saturday, of cholera infantum, an infant child of Mrs. Dora Bailey, aged nine months, and was laid to rest in the Brooks grave yard Sunday.

Sleep on little ponder,
And take your rest,
God called you home,
Because he thought it best.

Ye scribe received a letter from Miss Mary Brenaman, of Newport, last week. She said that she had just received THE HERALD, and must turn to Sunny Side at once to get the news. What a pity that poor child got disappointed.

Things got to be very suspicious when a young man spends the evening with a young lady and strikes out to Campton with her "pap" the next day. It takes a great deal of music to do "Shiner," but he's a preacher and gets the good things.

Lizabeth Ann seems to think that we may be a preacher's wife some day and get the coveted gravy, but we don't want to be a preacher's wife, for she gets little or no gravy, for he eats at your table and she eats at his. See, gravy is the healthiest vegetable that grows.

We sent a copy of last week's HERALD to our sister, and what a shine that poor child did cut. She said that she devoured its contents as a hungry man would devour food. It is so strange that we never know how we appreciate a good thing until we have to do without it. That child shall have the paper every week, if Uncle Sam is willing.

July 31. SUSIE SUNBEAM.

SWANGO SPRINGS SAYINGS.
Mrs. D. B. May is on the sick list this week.

Miss Eliza Nickell was in your town shopping Saturday.

D. B. May and son, Karl, are out buying sheep this week.

Harrison Swango made a business trip to Campton last week.

Rush Swango and Mrs. W. H. Johns were taking in the sights on Grassy Sunday.

Rev. H. R. Mills, of Jackson, is again at the Springs and has been attending the Campmeeting.

Mrs. Nannie Murphy and Miss Barbara Taulbee, of Grassy, were the guests of Mrs. Harman Swango Wednesday.

Quite a number of the young

ladies and men of this place have been taking in the services at Daysboro, conducted by Rev. Dawson, of West Liberty.
July 30. UNO.

BREATHITT COUNTY.

TAULBEE BUBBLES.

Price Terrill went to Johnson last Sunday.

Aurbon Hutton made a business trip to Jackson Friday.

C. L. Terrill and wife returned from Red river Friday.

Taylor Hurst is very low with fever. Dr. Bailey is attending him.

Rev. Buck Elinchum preached to a large congregation on Morgan on Sunday last.

Uncle Remus and wife passed through this vicinity en route to Quicksand Friday.

Miss Mary B. and Eliza Taulbee were visiting the family of Harry Terrill last Sunday.

Sherman Cope attended the convention at Paintsville, returning last Friday.

Willie Cope was visiting friends and relatives in this section Saturday and Sunday.

Uncle Geo. Carpenter, whose illness was reported last week, we are sorry to say is worse this week.

Uncle Silas Taulbee and daughter, Miss Caroline, attended a funeral on Johnson last Sunday, and report a nice time.

Incidentally we learned that Judge Geo. Wheeler, of your town, has been on the south fork of Frozen. Say, Judge, was the widow at home?

According to the old people's maxim it will rain throughout dogdays, and seems it is literally true this season as it has rained nearly every day for the past two or three weeks.

July 31. ROWLAND.

MONTGOMERY COUNTY.

Miss Lydia Ledford has been employed to teach the Hope school again this year, beginning July 30th. Miss Lydia has been quite a suc-

cessful teacher. This making her fourth year at the same place.

Thank you Susie Sunbeam for your compliment last week, and will say if you are ever out to seek pleasure, just come to Spencer. I am sure you will not seek in vain. We extend to you a welcome.

Miss Lizzie Pieratt, of Ezel, who has been visiting friends in Montgomery, Bath and Clark counties, returned home Wednesday accompanied by Miss Lizzie Cox, of Mt. Sterling, and Nettie Browning, of Becknerville.

Died, at her home July 14th, of consumption, Miss Mattie, daughter of Mr. and Mrs. Chas. Lochridge. Remains were interred in the family burying ground. To the sorrowing parents, brothers and sisters, we extend our sympathy.

The social given by Miss Lydia and Rebecca Ledford Friday night, July 27th, proved quite a success, about 40 guests were present. Refreshments were served at a late hour, and all report an enjoyable evening.

Haldeman's Speech.

In his address Mr. Haldeman said: "Mr. Chairman and gentlemen of the committee—In the campaign of 1896 there came to us who were associated in the committee work of the national democratic party a closeness, not only of political affiliation, but a personal regard and esteem that time can not and will not destroy. I do not know the individual sentiment of a member of this committee, but as honest men we will at this meeting state frankly our views. I do not today, any more than in 1896, when I stated my determination to sever my connection with this committee if it saw fit to accept one dollar from a republican source, believe that honesty or integrity in the administration of our government can be found in the republican party. In 1896 I took upon myself abundant abuse from Kentucky democrats, and I did it because I believed, with my friend and commander, Henry Watterson, in the righteousness of a refusal to compromise with dishonor on the question of a sound and stable currency. I believed then that the national honor in the stability of its money was involved, and if I believed that in this respect there was any danger, now, I would stand today against the regular democratic organization. No sane man believes this danger exists. The free and unlimited coinage of silver at the ratio of 16 to 1 without the consent of any other nation has been relegated to another generation by this nation. It is a past issue.

"My heart goes out to those who struggle for liberty in every nation, and I applaud and approve the expression in the democratic platform sympathizing with the Boers—a people who may be robbed of free citizenship in order to enable English greed to gather to its coffers the diamonds and gold of South Africa. Only in the interests of her own selfish purposes does England desire the amity of the United States of America. This republican administration seems to love England more than it loves its own country—the great republic—which today is first in power, honor and place amongst the nations of the world. We can not, we must not encourage a weak and corrupt administration to barter free institutions and civil liberty in a combination with the most autocratic, arrogant and selfish power in Europe.

WILL SUPPORT BRYAN.

"I am compelled, with a sense of what is due to the free American that I love, to earnestly, actively support an American who I believe loves his country and whom I believe to be the highest and best type of an American citizen, and thus believing I shall vote for and support William Jennings Bryan."

"Gentlemen, I shall not encroach upon the time or patience of this committee in bringing before it the political conditions exist in the state of Kentucky. No man, who is self-respecting, can in our state, support a governor by assassination. When that great friend of the common people, William Geobel, was foully, cruelly murdered—there was and is before us in Kentucky an issue that reaches far beyond any national issue. Murder must and shall be punished under and within the law, even if Indiana has to elect another governor who will recognize the just and legal bequest of a sister state, in demanding a fugitive from justice."

What the Powers are inadequate to cope with China does not include Caleb Powers. His army of assassins, and Sam might find it expedient and economical to employ them to exterminate the Boxers. They'd ambush 'em right enough.

CALEB POWERS, the republican ex-secretary of state, who is charged with complicity in the murder of Gov. Goebel, according to the evidence of Wm. Wagner, one of the commonwealth's witnesses, said: "I believe I can do something if I can get the head of the ticket to act. If he don't, I'll go to the newspapers and expose the whole plot."

STATE troops to the number of 1500 and 500 policemen are on duty in New Orleans to prevent mob violence against the negroes, which was precipitated by the assault upon a young white girl by a buck nigger one day last week. He refused to surrender, killed five of the officers and wounded several others. The house in which he took refuge was set on fire, he ran from it and was shot to death.

His name is White! How do you like him, gentlemen? He hails from Irvine, in Estill county, and this fall he will carry the banner of the democratic party to victory in the Tenth congressional district. Hon. J. Banford White will represent the people of this district in the next congress of the United States, and do so in a manner acceptable alike to the state, to his constituency and to himself. Banford White is the stuff.

Who fired the shot that killed Gov. Goebel is what Judge Cantrill and the commonwealth are trying to ascertain in a court of inquiry at Georgetown, but the solution of the mystery is apparently about as remote as ever. Somebody killed him sure, and that somebody—be he Gov. Taylor, Caleb Powers, Yontsey, Culton or whomsoever—ought to be hung, and along with him all of his accomplices. Let no guilty man escape.

W. B. HALDEMAN, chief owner of the Courier-Journal, as will be seen from his speech published in another part of our paper, is now in sack cloth and ashes, as it were, and piteously importuning the democratic party to take him back into fellowship. That he has acted badly is known of all men, but if he be really penitent the party should spank him well and again receive him with open arms. "To err is human but to forgive is divine," and as the democratic party is the only political organization with divine qualities it were well to welcome all really penitent and reconvert renegades.

HARRY PERKINS informs us that he will at once begin his canvass for the nomination for sheriff on the Democratic ticket and that he will make it warm during the intervening six weeks. Harry, as all of his friends on this side of the county know, last year had the misfortune to lose his right hand, which incapacitated him for manual labor. This, and this alone, he says, is the reason he is making the race. Except for that affliction he says he would be content to work in the ranks of the party and labor for his friends, but under the circumstances he thinks the party should honor him with the nomination, and promises that in event it does so to use every means within his power to secure his election, and if elected, to devote his entire time and energy to make the county a faithful and efficient official.

If you want to keep posted on the political issue take THE HERALD.

If it be a fact, as is most generally reported around that Thrasher Combs is no longer a candidate for the democratic nomination for county judge, then indeed has J. W. Congleton, of Campton, an apparition walk over, and the people generally seem to be content that it is so. All Weed Congleton talked say that "Judge, and would make a most efficient county judge, and they talk so with the evidence that the party has not nor will have any other candidate for the place. They know Mr. Congleton to be an industrious, level-headed business man, and figure that as he has made a success of his own business ventures so would he with county affairs had he the management. He is sober, courteous and capable, and therefore not lacking in any essential. Should he receive the nomination the democratic party will elect him by a rousing majority and, with his constituents, we believe he would make the county an official to whom every good citizen could point with pride.

HANNA says that the blood and thunder war here, "Teddy" must go to Kentucky and deliver some of his blood-curdling, fire-eating speeches in order to carry the state in November for his dear little "Willie."

EX-PRESIDENT HARRISON remarked the other day that Indiana is doubtful this year, and says it would not surprise him if it went democratic this fall.

The latest official report shows that the British losses, up to date, in the South African war, are over 48,000, about one-fifth of their entire force.

The King of Italy was assassinated on the 29th ult.

A Woman Only Knows

what suffering from falling of the womb, whites, painful or irregular menses, or any disease of the distinctly feminine organs is. A man may sympathize or pity but he can not know the agonies she goes through—the terrible suffering, so patiently borne, which robs her of beauty, hope and happiness. Yet this suffering really is needless.

McELREE'S Wine of Cardui

will banish it. This medicine cures all "female diseases" quickly and permanently. It does away with humiliating physical examinations. The treatment may be taken at home. There is not continual expense and trouble. The sufferer is cured and stays cured. Wine of Cardui is becoming the leading remedy for all troubles of this class. It costs but \$1 from any druggist.

What Are You Going to Do About It?

The time has come when every parent owes it to himself and to his children to give them a liberal education. He who fails in this most sacred duty, is unworthy the name parent. Some are striving with persistent efforts to accumulate mountain lands, or money, that they may leave their children in comfortable circumstances. What are mountain lands or money, when compared to an education? Educate your children, and you need have no fears of their not being able "to keep the wolf from the door."

Educate them and prepare them to make themselves felt in the arena of life. Are you satisfied for them to walk where you walk, to strive where you strive, to delve where you delve? Such a spirit would be utterly selfish and unpatriotic. Patriotism is forgetful of self and all self-interests. It is broad and high and deep. Are you a patriot?

You owe it to your God to give your children a liberal education. God expects you to do it. He requires it of you. He is the author of expansion. Expansion of intellect; expansion of soul. Give them the true education and you thus expand intellect and soul.

The spirit opposed to this, is dwarfed, narrow, contracted. Would you dwarf, narrow, contract the intellects of your boys and girls? Are they not jewels of God's setting for your admiration and joy? Would you leave them unpolished? Come into a broader view of life: Break off the cocoon and remain no longer in the pupa state. Let the higher life shine forth in your children.

What are you expecting to do about it? "Just like you have always done?" Oh, the shame of it! You say "it costs too much." Now, how much does it really cost? What would be the gain by an education? Could you estimate it in dollars and cents? You say "We need the children at home." For what? You have very little more work to be done yet in this year. Would you have them lose four months from school in order to do three weeks' work? Is there any economy in such? Where is the saving? Could not you really do the work yourself? You say, "Well, the free school is going on, and we will send to it and then —" Do you do that because your children are benefitted the more, or because you hope to save a few dollars? You are not saving dollars, you are wasting them. Life is precious; time is fleeting; there is nothing to be gained by delay. Take advantage of every opportunity, and all will end well.

Look now at this matter soberly and candidly. You can afford to patronize Hazel Green Academy. You will find here just what your children want. You can send them from home each day if you live within five miles of Hazel Green. There is no better time for hard, earnest work in the schoolroom than in the fall. The cost per pupil is only ten or twenty dollars. Try this for ten months, and note the results.

Judge Biggle not only knows a great deal about horses, but what is more important, he knows how to impart his information in a way that will be understood. One does not have to wade through a mass of undigested, unimportant matter. The Biggle Books are models of clearness and conciseness. AN ALPHABETICAL APPEAL.

BY SAM WILSON.

All Correspondents write with care. Be sure with truth the lines prepare. Content with this, they'll be all right. Decimating THE HERALD's page so bright. Misses Esther Wilson and Lizzie Cox, of Mt. Sterling, and Lizzie Pieratt, of Ezel, honored THE HERALD office with their presence on Monday, and the trio represented three types of beauty that would be hard to beat in any land. Esther is in deep mourning for her father, whose tragic death occurred only a short time since, and when we looked upon her sweet, innocent face, and realized that she was doubly orphaned, our heart went out to her in sympathy and condolence. Lizzie Cox, when we came to Hazel Green was but a lisping baby, and devoted to our better I, and she has always felt as near and dear to us as though she were our very own. She, too, is an orphan, but has many near and dear relatives and friends. Miss Lizzie Pieratt is the daughter of the Hon. J. M. Pieratt, of Ezel, and with fond parents has never felt the hand of sorrow, as have the other two, and God grant that she may never feel the blow as keenly as have they.

An observer at Campton says H. C. Lacy, Superintendent, and Rev. J. J. Dickey spared neither effort nor labor to make the institute a success. Their untiring and zealous work is commendable to all, and we deeply appreciate their interest in our teachers. Oh! for more enterprising and earnest men and women at the Teachers' Institutes.

W. F. Baker, representing the Richardson Bro. Shoe company, Nashville, Tenn. accompanied by Jim Faulkner, of Parbourville, was at the Day House Monday and Wednesday, and sold one or two nice bills in town.

If you haven't been supplied with a hat for the summer, you can be now at Mrs. F. N. Day's at very low rates, as she is closing out her summer stock at a great reduction in order to make room for fall stock.

Mrs. J. M. Swango, of Stillwater, was on Wednesday reported to be very ill. Dr. J. M. Kash was telephoned for and went to attend her. She has typhoid fever, and was reported some better that morning.

Ed. O. Taulbee and Curtis Rose paid Ezel a flying visit Tuesday evening, and took supper with Jas. B. Cecil, at whose residence Misses Lizzie Cox and Lizzie Pieratt were visiting.

Our painter-poet has completed this week a very fine oak finish on the interior of Ova Swango's residence. This class of work is Sam's specialty. All mail orders answered promptly.

Dr. J. F. Simons, the optician of Louisville, is at John M. Rose's, and has a full line of optical goods to which he invites the attention of the people of the vicinity.

Minnie L. Day reports a successful and enjoyable week at the Teachers' Institute of which Prof. G. M. Elam, of Blaine, Lawrence county, Ky., was the instructor.

Mrs. Jas. Buchanan and two children, of Menefee, and Mrs. Ernest Elkins, of Mt. Sterling, are visiting their father, W. W. Ringo, near town.

Died, on Monday night at 10 o'clock, at the residence of her husband, Murrell Tyler, near Hazel Green, Mrs. Darkess Tyler, aged about 65 years.

Rev. W. E. Moore and H. C. Murphy, of Grassy creek, were in town Wednesday. They have been attending camp-meeting.

Dr. McClellan Kash left on Monday for Salyersville, where he was called on professional business, and he will be absent all week.

Uncle John Adams and wife, accompanied by R. A. Childers and wife spent Saturday and Sunday on Lacy creek.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

Kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is overworking in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

Yes, you may have a sample bottle by mail.

Free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Rice Growing in Luzon, P. I.

PASQUI, P. I., June 3d, 1900.

To THE HERALD and its many readers:—The rainy season is here. The once dry and dusty highway is now converted into a disagreeable path of mud and water, too dirty to travel. With the wet season comes the spring time for the Oriental elms; all foliage is putting forth anew, and with a freshness not unlike a Kentucky May day. Farmers, so to speak, have now begun their work with a determined zeal, akin to true farmers' life. The carabon, (water buffalo,) is once more under the yoke and the plow, of ancient make, is again being guided by the sturdy plowman. The natives begin plowing rice during the months of February and March; planting during the months of April and May. Harvesting in September and October. Women work as well as men. When planting season comes, you may see hundreds of women with bare feet and bare hands toiling in the sultry fields helping their husbands to plant their grain. They all line upon one side of a field and work backward towards the opposite side, raising "paddies" as they go, to catch the water necessary for the growth of all tropical plants. When they have reached the opposite side, they turn and "crawfish" back again to the starting point. Planting this time instead of raising "paddies." As they work their way slowly across the fields, a beautiful line of green gradually appears before them, marking the fruits of their toil.

A young rice field looks a great deal like a young wheat field at home, which has seen a good snow and then uncovered to the sun. After the rice is planted, then comes the "lay by time," which lasts from June till September. This "lay by time," is the Philippine's holiday—marriages, feasts, games of all kinds, hunting, fishing, etc., takes place during this period of rest with as much gaiety as we celebrate our Xmas or New Year holidays. This time of joy soon passes away, and again work is begun. The rice has now changed from a beautiful green to a golden brown. Hundreds of natives called in one field and by the means of a small hand-sickle it is soon cut down and shocked. They then proceed to another field, and do likewise to others until all the rice in one whole province is cut. Then comes the thrashing; not with a machine as you may suppose, but with the pestle, dexterously wielded by the female sex. You can hear the steady stroke for miles around, never ceasing till the day is over. Maidens of sweet sixteen seem to take a delight in this work as our girls are fond of riding, rowing, etc. The only difference in their enjoyment is that the native thrasher girl frequently accompanies the regular stroke of her pestle with a song similar of her primitive life, while the average American girl is continually finding fault with every thing. When I speak thus I don't mean the girls of Hazel Green by any means; far from it—ha, ha.

Finally the grain is prepared for

market, and then shipping begins. Manila is headquarters for rice buyers. When buying season begins the buyers are sent out to different points along the railroad to collect the grain of that vicinity. Luzon produces a great amount of rice, more than all other islands of this group combined. Hundreds of car loads are shipped weekly. A great many discharged American soldiers have remained here and are now prosperous rice buyers.

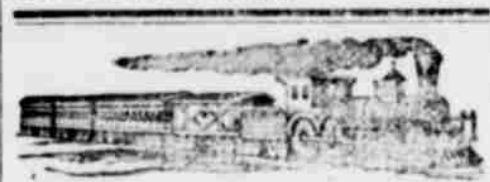

Sugar cane is also profitable, but is not carried on in such a large scale, owing to the fact that there are no refineries on the islands, the nearest being at Hong Kong. This country will certainly be very prosperous some day, but whether that day will come under our government is a question for coming statesmen to discuss.

Regards to editor and Mrs. Cooper. Very respectfully,
GEO. C. TAULBER,
Co. F, 12th U. S. Inf.,
Manila, P. I.

P. S.—Had a short fight the 30th ult. No casualties on our side; killed five negroes and wounded twice as many; several captured with arms. Scouts did most of the fighting. The Americanized Macabees, in our service, did good work. G. C. T.

"WHITAR"
ONLY WHITE TAR SOAP
IN THE WORLD.

Whitar Soap is a luxurious and purified toilet soap, superior to the old black tar soaps in every way. It contains all the healing and antiseptic properties of the black tar soaps, with entire freedom from their objectionable features. It suits neither towel nor wash bowl, for its lather is snow-white. It lathers in hard or soft water far more freely than other tar soaps, and, being 100 per cent pure, contains any of the "filled" soaps of equal size. It contains much more glycerine than other soaps, and this together with its soft thick lather make it a king among shampoo soaps. In the treatment of skin, scalp and hair diseases, aggravated cases of dandruff, scald head, falling hair, etc., Whitar is highly recommended. Physicians recommend it for babies' baths, and in cases of chafe or heat rash, the soap is particularly efficacious.

COUNTY NEWS NOTES.

To insure insertion ALL correspondence must be in this office by Monday night of each week, and that nearby on Monday morning.

Our correspondents are derelict in duty and we want to say that henceforth they will not receive papers except for the week they have news letters. We are dependent upon them for the news and when they fail to send in their favors they put us to great inconvenience.

SUNNY SIDE.

Hurrah! for the Hazel Green academy.

It rained so hard Sunday that we never got to sleep the pigs.

Little Rosa and Carry Coldiron went to their grandfather Brook's Saturday.

We never saw a harder rain fall than fell the twenty-fifth. Wonder how many of the old farmers got their turnips sowed.

We are indebted to Elza and Howard James for erecting a new gate at the road near the Gibbs property. It was badly needed.

Mrs. W. H. Johns and two little daughters, Lisle and Mary, of Coburn, Va., in company with Miss Mollie Swango, of the Springs, gave us a pleasant call Friday.

No wonder Uncle Bill McNabb flew when he went to Devils Creek last week. If he hadn't, he would have got his wings scorched, then Aunt Liza would have raised sand.

Died at the home of J. E. Brooks, Saturday, of cholera infantum, an infant child of Mrs. Dora Bailey, aged nine months, and was laid to rest in the Brooks grave yard Sunday.

Sleep on little ponder,
And take your rest,
God called you home,
Because he thought it best.

Ye scribe received a letter from Miss Mary Brenaman, of Newport, last week. She said that she had just received THE HERALD, and must turn to Sunny Side at once to get the news. What a pity that poor child got disappointed.

Things got to be very suspicious when a young man spends the evening with a young lady and strikes out to Campton with her "pap" the next day. It takes a great deal of music to do "Shiner," but he's a preacher and gets the good things.

Lizabeth Ann seems to think that we may be a preacher's wife some day and get the coveted gravy, but we don't want to be a preacher's wife, for she gets little or no gravy, for he eats at your table and she eats at his. See, gravy is the healthiest vegetable that grows.

We sent a copy of last week's HERALD to our sister, and what a shine that poor child did cut. She said that she devoured its contents as a hungry man would devour food. It is so strange that we never know how we appreciate a good thing until we have to do without it. That child shall have the paper every week, if Uncle Sam is willing.

Rev. H. R. Mills, of Jackson, is again at the Springs and has been attending the Campmeeting.

Mrs. Nannie Murphy and Miss Barbara Taulbee, of Grassy, were the guests of Mrs. Harman Swango Wednesday.

Haldeman's Speech.

In his address Mr. Haldeman said: "Mr. Chairman and gentlemen of the committee—In the campaign of 1896 there came to us who were associated in the committee work of the national democratic party a closeness, not only of political affiliation, but a personal regard and esteem that time can not and will not destroy. I do not know the individual sentiment of a member of this committee, but as honest men we will at this meeting state frankly our views. I do not today, any more than in 1896, when I stated my determination to sever my connection with this committee if it saw fit to accept one dollar from a republican source, believe that honesty or integrity in the administration of our government can be found in the republican party. In 1896 I took upon myself abundant abuse from Kentucky democrats, and I did it because I believed, with my friend and commander, Henry Watterson, in the righteousness of a refusal to compromise with dishonor on the question of a sound and stable currency. I believed then that the national honor in the stability of its money was involved, and if I believed that in this respect there was any danger, now, I would stand today against the regular democratic organization. No sane man believes this danger exists. The free and unlimited coinage of silver at the ratio of 16 to 1 without the consent of any other nation has been relegated to another generation by this nation. It is a past issue.

"My heart goes out to those who struggle for liberty in every nation, and I applaud and approve the expression in the democratic platform sympathizing with the Boers—a people who may be robbed of free citizenship in order to enable English greed to gather to its coffers the diamonds and gold of South Africa. Only in the interests of her own selfish purposes does England desire the amity of the United States of America. This republican administration seems to love England more than it loves its own country—the great republic—which today is first in power, honor and place amongst the nations of the world. We can not, we must not encourage a weak and corrupt administration to barter free institutions and civil liberty in a combination with the most autocratic, arrogant and selfish power in Europe.

WILL SUPPORT BRYAN.

"I am compelled, with a sense of what is due to the free American that I love, to earnestly, actively support an American who I believe loves his country and whom I believe to be the highest and best type of an American citizen, and thus believing I shall vote for and support William Jennings Bryan."

"Gentlemen, I shall not encroach upon the time or patience of this committee in bringing before it the political conditions exist in the state of Kentucky. No man, who is self-respecting, can in our state, support a governor by assassination. When that great friend of the common people, William Geobel, was foully, cruelly murdered—there was and is before us in Kentucky an issue that reaches far beyond any national issue. Murder must and shall be punished under and within the law, even if Indiana has to elect another governor who will recognize the just and legal bequest of a sister state, in demanding a fugitive from justice."

What the Powers are inadequate to cope with China does not include Caleb Powers. His army of assassins, and Sam might find it expedient and economical to employ them to exterminate the Boxers. They'd ambush 'em right enough.

CALEB POWERS, the republican ex-secretary of state, who is charged with complicity in the murder of Gov. Goebel, according to the evidence of Wm. Wagner, one of the commonwealth's witnesses, said: "I believe I can do something if I can get the head of the ticket to act. If he don't, I'll go to the newspapers and expose the whole plot."

STATE troops to the number of 1500 and 500 policemen are on duty in New Orleans to prevent mob violence against the negroes, which was precipitated by the assault upon a young white girl by a buck nigger one day last week. He refused to surrender, killed five of the officers and wounded several others. The house in which he took refuge was set on fire, he ran from it and was shot to death.

His name is White! How do you like him, gentlemen? He hails from Irvine, in Estill county, and this fall he will carry the banner of the democratic party to victory in the Tenth congressional district. Hon. J. Banford White will represent the people of this district in the next congress of the United States, and do so in a manner acceptable alike to the state, to his constituency and to himself. Banford White is the stuff.

Who fired the shot that killed Gov. Goebel is what Judge Cantrill and the commonwealth are trying to ascertain in a court of inquiry at Georgetown, but the solution of the mystery is apparently about as remote as ever. Somebody killed him sure, and that somebody—be he Gov. Taylor, Caleb Powers, Yontsey, Culton or whomsoever—ought to be hung, and along with him all of his accomplices. Let no guilty man escape.

W. B. HALDEMAN, chief owner of the Courier-Journal, as will be seen from his speech published in another part of our paper, is now in sack cloth and ashes, as it were, and piteously importuning the democratic party to take him back into fellowship. That he has acted badly is known of all men, but if he be really penitent the party should spank him well and again receive him with open arms. "To err is human but to forgive is divine," and as the democratic party is the only political organization with divine qualities it were well to welcome all really penitent and reconvert renegades.

HARRY PERKINS informs us that he will at once begin his canvass for the nomination for sheriff on the Democratic ticket and that he will make it warm during the intervening six weeks. Harry, as all of his friends on this side of the county know, last year had the misfortune to lose his right hand, which incapacitated him for manual labor. This, and this alone, he says, is the reason he is making the race. Except for that affliction he says he would be content to work in the ranks of the party and labor for his friends, but under the circumstances he thinks the party should honor him with the nomination, and promises that in event it does so to use every means within his power to secure his election, and if elected, to devote his entire time and energy to make the county a faithful and efficient official.

If you want to keep posted on the political issue take THE HERALD.

If it be a fact, as is most generally reported around that Thrasher Combs is no longer a candidate for the democratic nomination for county judge, then indeed has J. W. Congleton, of Campton, an apparition walk over, and the people generally seem to be content that it is so. All Weed Congleton talked say that "Judge, and would make a most efficient county judge, and they talk so with the evidence that the party has not nor will have any other candidate for the place. They know Mr. Congleton to be an industrious, level-headed business man, and figure that as he has made a success of his own business ventures so would he with county affairs had he the management. He is sober, courteous and capable, and therefore not lacking in any essential. Should he receive the nomination the democratic party will elect him by a rousing majority and, with his constituents, we believe he would make the county an official to whom every good citizen could point with pride.

HANNA says that the blood and thunder war here, "Teddy" must go to Kentucky and deliver some of his blood-curdling, fire-eating speeches in order to carry the state in November for his dear little "Willie."

EX-PRESIDENT HARRISON remarked the other day that Indiana is doubtful this year, and says it would not surprise him if it went democratic this fall.

The latest official report shows that the British losses, up to date, in the South African war, are over 48,000, about one-fifth of their entire force.

A Woman Only Knows

what suffering from falling of the womb, whites, painful or irregular menses, or any disease of the distinctly feminine organs is. A man may sympathize or pity but he can not know the agonies she goes through—the terrible suffering, so patiently borne, which robs her of beauty, hope and happiness. Yet this suffering really is needless.

will banish it. This medicine cures all "female diseases" quickly and permanently. It does away with humiliating physical examinations. The treatment may be taken at home. There is not continual expense and trouble. The sufferer is cured and stays cured. Wine of Cardui is becoming the leading remedy for all troubles of this class. It costs but \$1 from any druggist.

What Are You Going to Do About It?

The time has come when every parent
owes it to himself and to his children to
give them a liberal education. He who
fails in this most sacred duty, is un-
worthy the name parent. Some are striv-
ing with persistent efforts to accumulate
mountain lands, or money, that they
may leave their children in comfortable
circumstances. What are mountain lands
or money, when compared to an educa-
tion? Educate your children, and
you need have no fears of their not be-
ing able "to keep the wolf from the
door."

Educate them and prepare them to
make themselves felt in the arena of
life. Are you satisfied for them to walk
where you walk, to strive where you
strove, to delve where you delved? Such
a spirit would be utterly selfish and un-
patriotic. Patriotism is forgetful of self
and all self-interests. It is broad and
high and deep. Are you a patriot?

You owe it to your God to give your
children a liberal education. God ex-
pects you to do it. He requires it of you.
He is the author of expansion. Expansion
of intellect; expansion of soul. Give
them the true education and you thus
expand intellect and soul.

The spirit opposed to this, is dwarfed,
narrow, contracted. Would you dwarf,
narrow, contract the intellects of your
boys and girls? Are they not jewels of
God's setting for your admiration and
joy? Would you leave them unpolished?
Come into a broader view of life: Break
off the cocoon and remain no longer in
the pupa state. Let the higher life shine
forth in your children.

What are you expecting to do about
it? "Just like you have always done?"
Oh, the shame of it! You say "It costs
too much." Now, how much does it re-
ally cost? What would be the gain by
an education? Could you estimate it in
dollars and cents? You say "We need
the children at home." For what? You
have very little more work to be done
yet in this year. Would you have them
lose four months from school in order
to do three weeks' work? Is there any
economy in such? Where is the saving?

Could not you really do the work your-
self? You say, "Well, the free school
is going on, and we will send to it and
then —" Do you do that because your
children are benefitted the more, or be-
cause you hope to save a few dollars? You
are not saving dollars, you are
wasting them. Life is precious; time is
fleeting; there is nothing to be gained
by delay. Take advantage of every op-
portunity, and all will end well.

Look now at this matter soberly and
candidly. You can afford to patronize
Hazel Green Academy. You will find
here just what your children want. You
can send them from home each day if
you live within five miles of Hazel Green.
There is no better time for hard, earnest

AN ALPHABETICAL APPEAL.

BY SAM WILSON.

All Correspondents write with care,
Be sure with truth the lines prepare.
Content with this, they'll be all right,
Decorating THE HERALD's page so bright.
Each writer, be it her or him,
Fail not to send subscribers in;
Go willingly to work today,
Heave to the oars amid the spray.
In every community proudly speak
Justice to the dear HERALD sheet.
Keeping up with the changeable times,
Let naught disturb thy merry chimes;
Make this an emblem, good and true,
Nothing but kindness have in view,
On land or on the deep blue sea,
Faithful let thy motto be;
Quick let thy helping hand extend,
Remember THE HERALD is thy friend.
Seek then this treasured enterprise
To get subscribers would not surprise.
Use every exertion not in vain,
Vex not those but try again.
Work cheerfully for us on the way,
Naggarate in naught you say.
You'll get a payment for thy part,
Zest will compensate the heart.

Misses Esther Wilson and Lizzie Cox,
of Mt. Sterling, and Lizzie Pieratt, of
Ezel, honored THE HERALD office with
their presence on Monday, and the trio
represented three types of beauty that
would be hard to beat in any land.
Esther is in deep mourning for her father,
whose tragic death occurred only a short
time since, and when we looked upon
her sweet, innocent face, and realized
that she was doubly orphaned, our heart
went out to her in sympathy and con-
dolence. Lizzie Cox, when we came to
Hazel Green was but a lisping baby, and
devoted to our better I, and she has al-
ways felt as near and dear to us as though
she were our very own. She, too, is an
orphan, but has many near and dear re-
latives and friends. Miss Lizzie Pieratt
is the daughter of the Hon. J. M. Pie-
ratt, of Ezel, and with fond parents has
never felt the hand of sorrow, as have
the other two, and God grant that she
may never feel the blow as keenly as
have they.

An observer at Campton says H. C.
Lacy, Superintendent, and Rev. J. J.
Dickey spared neither effort nor labor to
make the institute a success. Their un-
tiring and zealous work is commendable
to all, and we deeply appreciate their in-
terest in our teachers. Oh! for more en-
terprising and earnest men and women
at the Teachers' Institutes.

W. F. Baker, representing the Richard-
son Bro. Shoe company, Nashville, Tenn.,
accompanied by Jim Faulkner, of Par-
bourville, was at the Day House Mon-
day and Wednesday, and sold one or two
nice bills in town.

If you haven't been supplied with a
hat for the summer, you can be now at
Mrs. F. N. Day's at very low rates, as
she is closing out her summer stock at a
great reduction in order to make room
for fall stock.

Mrs. J. M. Swango, of Stillwater, was
on Wednesday reported to be very ill.
Dr. J. M. Kash was telephoned for and
went to attend her. She has typhoid
fever, and was reported some better that
morning.

Ed. O. Taulbee and Curtis Rose paid
Ezel a flying visit Tuesday evening, and
took supper with Jas. B. Cecil, at whose
residence Misses Lizzie Cox and Lizzie
Pieratt were visiting.

Our painter-poet has completed this
week a very fine oak finish on the in-
terior of Ova Swango's residence. This
class of work is Sam's specialty. All
mail orders answered promptly.

Dr. J. F. Simons, the optician of
Louisville, is at John M. Rose's, and has
a full line of optical goods to which he
invites the attention of the people of the
vicinity.

Minnie L. Day reports a successful and
enjoyable week at the Teachers' Institute
of which Prof. G. M. Elam, of Blaine,
Lawrence county, Ky., was the in-
structor.

Mrs. Jas. Buchanan and two children,
of Menefee, and Mrs. Ernest Elkins, of
Mt. Sterling, are visiting their father,
W. W. Ringo, near town.

Died, on Monday night at 10 o'clock,
at the residence of her husband, Murrell
Tyler, near Hazel Green, Mrs. Darkess
Tyler, aged about 65 years.

Rev. W. E. Moore and H. C. Murphy,
of Grassy creek, were in town Wednes-
day. They have been attending camp-
meeting.

Dr. McClellan Kash left on Monday
for Salyersville, where he was called on
for professional business, and he will be
absent all week.

Uncle John Adams and wife, accom-
panied by R. A. Childers and wife spent
Saturday and Sunday on Lacy creek.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is overworking in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys.

The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized.

It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

Yes, you may have a sample bottle by mail.

Free, also pamphlet telling you how to find out if you have kidney or bladder trouble.

Rice Growing in Luzon, P. I.

PASQUI, P. I., June 3d, 1900.

To THE HERALD and its many readers:—The rainy season is here. The once dry and dusty highway is now converted into a disagreeable path of mud and water, too dirty to travel. With the wet season comes the spring time for the Oriental elms; all foliage is putting forth anew, and with a freshness not unlike a Kentucky May day. Farmers, so to speak, have now begun their work with a determined zeal, akin to true farmers life. The carabon, (water buffalo,) is once more under the yoke and the plow, of ancient make, is again being guided by the sturdy plowman. The natives begin plowing rice during the months of February and March; planting during the months of April and May. Harvesting in September and October. Women work as well as men. When planting season comes, you may see hundreds of women with bare feet and bare hands toiling in the sultry fields helping their husbands to plant their grain. They all line upon one side of a field and work backward towards the opposite side, raising "paddies" as they go, to catch the water necessary for the growth of all tropical plants. When they have reached the opposite side, they turn and "crawfish" back again to the starting point. Planting this time instead of raising "paddies." As they work their way slowly across the fields, a beautiful line of green gradually appears before them, marking the fruits of their toil.

A young rice field looks a great deal like a young wheat field at home, which has seen a good snow and then uncovered to the sun. After the rice is planted, then comes the "lay by time," which lasts from June till September. This "lay by time," is the Philippine's holiday—marriages, feasts, games of all kinds, hunting, fishing, etc., takes place during this period of rest with as much gaiety as we celebrate our Xmas or New Year holidays. This time of joy soon passes away, and again work is begun. The rice has now changed from a beautiful green to a golden brown. Hundreds of natives called in one field and by the means of a small hand-sickle it is soon cut down and shocked. They then proceed to another field, and do likewise to others until all the rice in one whole province is cut. Then comes the thrashing; not with a machine as you may suppose, but with the pestle, dexterously wielded by the female sex. You can hear the steady stroke for miles around, never ceasing till the day is over. Maidens of sweet sixteen seem to take a delight in this work as our girls are fond of riding, rowing, etc. The only difference in their enjoyment is that the native thrasher girl frequently accompanies the regular stroke of her pestle with a song similar of her primitive life, while the average American girl is continually finding fault with every thing. When I speak thus I don't mean the girls of Hazel Green by any means; far from it—ha, ha.

Fidally the grain is prepared for

market, and then shipping begins. Manila is headquarters for rice buyers. When buying season begins the buyers are sent out to different points along the railroad to collect the grain of that vicinity. Luzon produces a great amount of rice, more than all other islands of this group combined. Hundreds of car loads are shipped weekly. A great many discharged American soldiers have remained here and are now prosperous rice buyers.

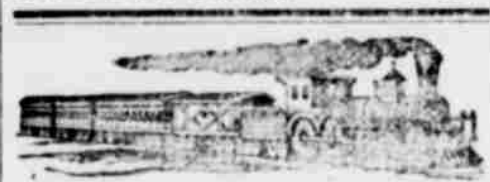

Sugarcane is also profitable, but is not carried on in such a large scale, owing to the fact that there are no refineries on the islands, the nearest being at Hong Kong. This country will certainly be very prosperous some day, but whether that day will come under our government is a question for coming statesmen to discuss.

Regards to editor and Mrs. Cooper. Very respectfully,
GEO. C. TAULBER,
Co. F, 12th U. S. Inf.,
Manila, P. I.

P. S.—Had a short fight the 30th ult. No casualties on our side; killed five negroes and wounded twice as many; several captured with arms. Scouts did most of the fighting. The Americanized Macabees, in our service, did good work. G. C. T.

"WHITAR"
ONLY WHITE TAR SOAP
IN THE WORLD.

Whitar Soap is a luxurious and purified toilet soap, superior to the old black tar soaps in every way. It contains all the healing and antiseptic properties of the black tar soaps, with entire freedom from their objectionable features. It suits neither towel nor wash bowl, for its lather is snow-white. It lathers in hard or soft water far more freely than other tar soaps, and, being 100 per cent pure, contains any of the "filled" soaps of equal size. It contains much more glycerine than other soaps, and this together with its soft thick lather make it a king among shampoo soaps. In the treatment of skin, scalp and hair diseases, aggravated cases of dandruff, scald head, falling hair, etc., Whitar is highly recommended. Physicians recommend it for babies' baths, and in cases of chafe or heat rash, the soap is particularly efficacious.
